REQUEST FOR CERTIFICATION OF CORRECTION

Attn: Certificate of Correction Branch
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

It is requested that a Certificate of Correction be issued correcting printing errors appearing in the above-identified United States patent. Two copies of the text of the Certificate in the suggested form are enclosed.

Issuance of the Certificate of Correction would neither expand nor contract the scope of the claims as properly allowed, and re-examination is not required.

The following documents are attached:

1. The IDS initiated by the Examiner, which shows that the references that are referred to in the Certificate of Correction, have been considered by the Examiner.
2. An amendment filed on 11/01/2007 which shows that the language claiming priority was deleted by the Applicants.
3. The continuity data from the USPTO records, which shows that the 7,599,002 patent does not claim priority from any other applications.

As the error is that of the Patent Office, it is believed that no fee is due.

Respectfully submitted,

PAUL W. WILLES, ET AL.
